In the Way of the Magists

Our Mission

Our school is sponsored by The Institute of the Marist Brothers, whose founder, St. Marcellin Champagnat, had passed on the following beliefs and ideals as an integral part of his educational vision and mission -

- (i) that we should make Jesus known and loved among the young and the children, especially the poor and least favoured.
- (ii) that to bring up children properly, we must love them, and love them all equally.
- (iii) that each of our students would cherish the love of God and accordingly develop his full potentials, lead a meaningful life as an individual, and take a contributing role in society.

Our History

Our school is a whole-day aided grammar secondary school for boys. The Marist Brothers arrived in China in 1891 and were invited to teach in St. Francis Xavier's College, Shanghai in 1893. Our Brothers came to Hong Kong in 1950 and started the education of youths in St. Martin's English School. On 9th December 1955, the school moved to the present premises and was renamed St. Francis Xavier's College, emphasising the link with the school in Shanghai.

Sponsoring Body — “The Marist Brothers”

The Institute of the Marist Brothers, the sponsoring body of our school, was founded in France by Saint Marcellin Champagnat in 1817. Since then, Marist schools have been established in different countries to provide education to the young people and spread the Gospel of Christ. There are now around 4000 Marist Brothers serving in schools in 77 countries all over the world.

Medium of Instruction

The English language has been adopted as the medium of instruction since the establishment of our school in 1955.

School Ethos

Simplicity and harmony are the characteristics of our school. To help students develop independence, we prefer to give advice rather than reprimands, hoping each student will understand his shortcomings and rectify them himself. Our ultimate goal is to develop self-discipline in our students and make them realize the significance of self-awareness, self-control and self-respect.
